AN EVENING IN HOLLYWOOD

Our clients had a fabulous time at their prom, An Evening in Hollywood, where they dressed up in their finest fashion to walk the red carpet and dance the night away!

Thank you to our Spectrum for Living Sibling Group and Recreation Team for coordinating a memorable night for our clients and a huge shout out to our countless apparel donors who ensured our clients were dressed to impress!

FISHING TRIP

All Aboard!

Our Adult Training Center and Residential Clients enjoyed a day on the water for their annual fishing trip. The day was full of fun, friends, and of course, fishing! Thank you to Mi-Jo II Charter Fishing Boat and Cruises for hosting us.

PEN PALS

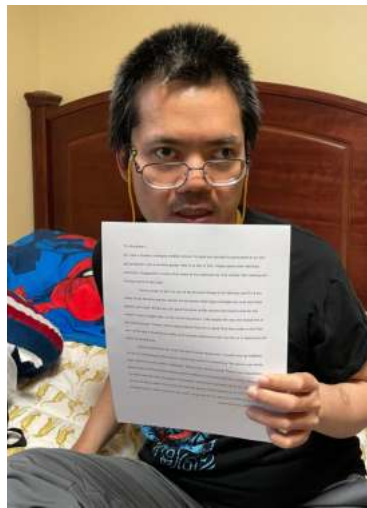

Special delivery!

Our clients were overjoyed to receive letters from their pen pals at the start of the summer.

Seventh and eighth grade students from Bogota Middle School volunteered their time to craft personalized letters for our clients.

Clients excitedly opened their letters, learning about their pen pal's favorite subject in school, sports they play, extracurricular activities they participated in, and more!

Students shared heartfelt notes, funny comic strips, inquisitive questionnaires, and beautiful artwork that sparked joy and new conversation topics between our residents.

SPECTRUM'S GOT TALENT

Congratulations to all of our participants and winners who competed in our 2023 Spectrum's Got Talent! Our clients lit up the stage with musical numbers, dance routines, and independent works. Thank you to our Central Recreation Team, Adult Training Centers, Residential Programs, Closter ICF, and Recreation Volunteers for the amazing show.

VOLUNTEER WITH SPECTRUM FOR LIVING!

ELIZABETH BOYAJIAN | (201) 358-8081 | EBOYAJIAN@SPECTRUMFORLIVING.ORG

SPECTRUM OF ARTISTS:

Painting the Disability Picture

Spectrum of Artists: Painting the Disability Picture is a three-month long art exhibit with pieces created by Spectrum for Living clients. This artistic exhibition is an exercise in self-empowerment and self-expression, where clients had the opportunity to identify their subject matter and mirror the image through their individual lens.

From self-portraits to landscapes and objects of importance, clients had the autonomy to identify their subjects and reinvent them in an authentic way that highlighted their own interpretations. Pieces were created through a mixed-media approach of photography, drawing, and painting.

View ***Spectrum of Artists: Painting the Disability Picture*** at a library near you. Please visit our exhibition website to see upcoming dates and locations.

Be sure to tag **@Spectrum4Living** in any photos you take at the exhibitions!
