

Partial Reopening of Spectrum for Living Adult Training Center Programs

Special Communication to Families May 7, 2021

Dear Family Members, Guardians and Friends of Spectrum for Living,

Please be advised that, pursuant to guidelines previously issued by the Division of Developmental Disabilities (“DDD”), Spectrum for Living will partially reopen our six (6) Adult Training Centers for in-person services on Monday, May 10, 2021. Please note that our reopening for in-person services will be limited to 50% of our normal in-person capacity per DDD guidelines and the COVID-19 Activity Level Index Weekly Report (issued by the New Jersey Department of Health Communicable Disease Service).

Families of day program recipients have been contacted in advance of our reopening. Please know that virtual programming will continue to be provided for service recipients who wish to receive services virtually.

We thank you for your understanding as we continue to adapt our operations to safeguard the health and well-being of our clients and staff members.
