# MESSAGES FROM SPECTRUM FOR LIVING'S LEADERSHIP

We are pleased to share with you our 2022 Annual Report, which details our wealth of programming, events, and supporters throughout the year that served to enrich and provide a meaningful life experience for the many adults that we serve.

2022 marked a turning point for Spectrum for Living. Notwithstanding the challenges posed by the ongoing coronavirus pandemic, we committed ourselves to investing more deeply in our people – our many dedicated employees who breathe life into our Mission every day. We did this to ensure that they know how much they mean to us, and to improve the quality of our services delivered. With this profound investment, we were able to successfully retain more of our existing staff members and recruit additional personnel needed to fortify our programs and services. In the long run, our strategy better positions Spectrum for Living for continued success for many years to come.

As always, your unwavering support was key to our continued success. Together, we engaged in the daily work of transforming people's lives. It is our aspiration that all of our many clients reach their fullest potential and are exposed to the full richness that life has to offer. More than just an aspiration, this is actually something that we deliver – every day, 365 days a year – thanks to your continued support. Without you, the dream of our Founding Parents – Alexander Gallione, Adele Guttenberg, Rena Kamena, Annette Levy and Edna Melosh – would have expired long ago.

We thank you for being a part of the Spectrum for Living family and for believing in our Mission.

A handwritten signature in black ink, appearing to read "Chris Perry".

**CHRISTOPHER L. PERRY**  
President & Chief Executive Officer

Over the past forty years, Spectrum for Living has grown from the single and still unique Intermediate Care Facility (IFC) in Closter caring for 48 people to 27 facilities, from adult training centers to groups homes & apartments, caring for over 800 developmentally disabled men and women. Quite an accomplishment for any organization, but even more notable due to the generosity of its supporters, and dedication of its outstanding staff at all levels.

Nonetheless, our mission, "To enable individuals who have developmental and/or physical disabilities to have the opportunity to attain their highest level of skills, purpose, and independence with dignity..." continues. The entire staff and Board have worked tirelessly over the past year to improve the quality of life for all of our residents and training center participants. While remote activities were enhanced during the pandemic, we were happy to see the return of in-person activities and much more engagement with the local communities. It is so rewarding to see a trip to the zoo, or a restaurant or attending a prom via social media posts and in the local press. And when you do, please share such good news with others!

All of these efforts come with a cost that is eased by your continued generosity to Spectrum for Living. As one long time parent has noted, "Spectrum for Living is a cooperative of families"...each giving what they can of themselves whether they have a family member enrolled in one of our programs, or simply want to help us all make a difference in the lives of our extraordinary "family."

A handwritten signature in black ink, appearing to read "Brian Todd".

**BRIAN TODD**  
Board Chairperson

Our Adult Training Centers provide a variety of stimulating programs, which help clients with skill-building. Clients participate in art therapy, computer applications, music classes, community integration, sensory integration, workplace readiness, and cognitive development programs.

## Health Care:

We provide comprehensive health care services for our residents and community clients at our sites. Our Medical Director oversees the provision of quality care, including nursing services, behavioral health, physical, occupational, speech, and dietary therapies.

## Housing:

We care for clients in our Intermediate Care Facility, group homes, and supervised apartments. Our Intermediate Care Facility provides care for our most medically intensive residents. Our homes provide clients with private rooms and common living areas. Our apartments offer private rooms, a shared living room, and adaptive kitchens and bathrooms.

# PROGRAMS + SERVICES

## Recreation:

Our Recreational Programs offer our clients the freedom to make their own choices, become active members of society, and have access to the same opportunities as other adults. Clients participate in dances, games, arts, music, and field trips. These activities improve the quality of life of our clients, offering new means of socialization, integration, and sensory development.

## Respite Care:

Our Family Respite Program provides a safe, secure, and warm environment for families of those with disabilities. We offer short-term respite stays at our Bergenfield Community Respite Home and area hotels, and we also offer a Saturday Respite Program.

## Support Services:

Our Support Services Unit offers in-home training, community-based support, and community inclusion services. We work to link adults with developmental disabilities and their families living in the community to essential services such as benefits/entitlements, housing, day programs, and support services.

---

A large majority of our clients reflect the need for a combination and sequence of special interdisciplinary or generic care, treatment, or other services which are individually planned and coordinated.
