Susan Mancuso

1. Susan loves to run or go on long walks.
2. Susan enjoys tanning by her pool.
3. Susan loves to spend weekends with her family and friends!

Susan Mancuso has been with Spectrum for Living for 39+ years.

Susan has held many different positions with Spectrum for Living, and is currently serving as the VP of Nursing, Clinical and Long Term Care Services.

Susan loves that every day she comes into work the clients are happy to see her because of the difference she has made in their lives. She feels most connected to our clients when they ask to "hang out" with her. One of her favorite parts of her job is going for walks and engaging in conversations with our clients. She enjoys when she can help clients feel better. She knows the importance of helping others and feels rewarded when a client's face brightens after she has helped them.

Working at Spectrum for Living has taught Susan the importance of giving back to others. Susan shared, "**I have learned the best gift you can give, is giving your time to someone else.**" Whether that be sharing a meal, listening to music or visiting them when they are in the hospital, she understands the importance of being there for others.

Honored to receive the Platinum Alex Award, Susan shared, "**I am honored that I can make a difference in a resident's life, and in representing Spectrum for Living. Spectrum is my extended family and I am happy to be a part of this family.**"
